ABOUT

I'm 17 and I've been building online since I was 13. I helped Varam Latex grow from ₹20 lakh to about ₹2 crore in monthly revenue, grew news sites to 3–5 million monthly visits with SEO, and built PlanDBE for 650+ IIM students. I study at Mesa School of Business and IIM Bangalore, and I want to become a SaaS founder.

EXPERIENCE

PlanDBE

2026

Builder · Study platform for IIM Bangalore DBE students

- Built it on my own initiative. 650+ students use it.
- Turns class captions, notes and past papers into visual study guides with AI.
- Helps students plan, study and stay accountable with friends.
- Hundreds of students messaged me to say it helped them.

Blueprint AI

2026

Co-founder · Project

- Built an AI tool that let PMs and founders build an MVP without code.
- Used personalised AI agents and skills for each user. Launched the MVP.
- Won 1st place at AI Sprint (prize: Claude Max). Pitched to Elevation Capital.

Varam Industries (Varam Latex®)

May 2023 – Sep 2026

Founder's Office · earlier Web Developer and Tech Manager

- Built the online store. Monthly revenue rose from ₹20 lakh to ₹40 lakh.
- Over 12 months full-time, helped grow revenue to about ₹2 crore a month.
- Ran ₹20 lakh of Facebook ads in 6 months. Calls rose from 100 to 400 a day.
- Ads also drove 50–100 message chats a day, more website visits and more leads.
- Grew YouTube from 1 lakh to 5 lakh+ subscribers and 50M+ views.
- Built a GPT chatbot. FAQ replies went from 5–12 hours to instant, and it collects leads.
- Set up SEO and city pages for Vijayawada, Guntur, Nellore and Ongole.

NH Solutions

2025 – Apr 2026

Co-founder · Digital news and jobs network

- Grew news and jobs sites to 3–5 million visits a month with SEO.
- Managed 40+ domains across NH Solutions and GP News.
- Ran the WordPress servers on DigitalOcean. Found and cleaned up a server hack.
- Built n8n workflows to automate publishing.

EARLIER WORK AND PROJECTS

AAZ Ka News · Technical Expert (Partnership)

Apr 2022 – Jan 2023
